

4720 Power rust dissolver ICE Spray 250 ml

Description	Ideal for loosening rusted connections by crack-effect. Sprayed areas contract due to thermal shrinkage. This allows the release of stubbornly rusted compounds. The KENA®-technology penetrates deeply, encrustations are fractured and released.
Advantages	Unique active formula - crack effect to -40°C - dissolves rust and encrustations - fast acting
Application fields	Auto repair shops, metalworking, household
Application	1. Spray onto rusted connections / surfaces. 2. Depending on the degree of rust, allow to act up for 24 h. Work in with a brush or a towel. 3. Rinse with water or wipe off. 4. If necessary, repeat. Note: May cause discoloration on surfaces or dissolve plastics. Check the suitability prior to use.

Technical data

Chemical base	Solvent-based surfactant solution
Colour	Light yellow
Density	0,75 g/ml (20°C)
pH-value	5,0 - 7,0
Free from	Mineral oil, silicone oil
Special features	biologically degradable
Propellant	Propane/butane
Application temperature	5°C - 35°C
Storage temperature	10°C - 25°C
Shelf life	24 months
Packaging	250 ml aerosol
Product variants	A472025001 250 ml
