

4735 Injector loosener Spray 250 ml

Description	New high-tech injector remover for loosening highly rusted injectors and spark plugs. The unique concentrate formula based on KENA®microfluid technology allows deep penetration into pores of rusty compounds and effectively dissolves them.
Advantages	Dissolves extremely rusted compounds - very economical with concentrate technology - ecologically harmless
Application fields	Auto repair shops, metalworking, household
Application	1. Spray onto rusted connections / surfaces. 2. Depending on the degree of rust, allow to act up for 24 h. Work in with a brush or a towel. 3. Rinse with water or wipe off. 4. If necessary, repeat. Note: May cause discoloration on surfaces or dissolve plastics. Check the suitability prior to use.

Technical data

Chemical base	Solvent-based surfactant solution
Colour	Light yellow
Density	0,75 g/ml (20°C)
pH-value	5,0 - 7,0
Free from	Mineral oil, silicone oil
Special features	biologically degradable
Propellant	Propane/butane
Application temperature	5°C - 35°C
Storage temperature	10°C - 25°C
Shelf life	24 months
Packaging	250 ml aerosol
Product variants	A473525001 250 ml
