

5063 Methoxal Spray 400 ml

Description	Universally applicable CFC-free surface cleaner for cleaning and degreasing all types of surfaces and machine components. Due to its special formulation, the product is particularly suitable for preparing adhesive surfaces. Removes grease, oil and other dirt quickly and without leaving any residue. Without flammable propellants.
Advantages	Universal surface cleaner - ideal for preparing adhesive surfaces - removes dirt without residue
Application fields	Auto repair shops, industry, metalworking
Application	1. Spray on the surface or apply with a soaked cloth. 2. Remove with a clean cloth. 3. Repeat as necessary. Check rubber and plastic parts, sensitive surfaces for compatibility at a location that is not visible. Allow to completely air-dry before bonding. The product does not affect the curing speed and final strength of adhesives. A clean surface ensures good adhesion and reliable curing. Dirty or partially cleaned surfaces may affect the performance of adhesives.

Technical data

Chemical base	Solvent mixture
Colour	Transparent
Density	0,75 g/cm ³ (20°C)
Evaporation time	< 1 minute
Viscosity	2 mPas
Free from	AOX
Propellant	Carbon dioxide
Application temperature	5°C - 25°C
Storage temperature	5°C - 35°C
Shelf life	24 months
Packaging	400 ml aerosol
Product variants	A506340001 400 ml
