

March 2021

# Certificate

to verify the registration according to Regulation (EC) No 1907/2006 (REACH)

We hereby confirm that all necessary steps have been taken from our side. We assure that within the REACH framework and under consideration of time and quantities we will fully comply to the ECHA guidelines.

Our product range only contains substances that (if necessary) have been registered with the European Chemical Agency (ECHA) in Helsinki.  
The registrations have been done by the supplier or their own suppliers.

## “Candidate List of Substances of Very High Concern” (SVHC)

It is our goal to keep our products free of the substances listed in the latest version of the „Candidate List of Substances of Very High Concern“, updated by ECHA.  
Once technically possible, our products are free of those substances. Those products containing SVHC substances according to the candidate list dated January 19<sup>th</sup>, 2021 are listed in the attached appendix.

### Appendix:

Product	SVHC substance	Content
Currently no product affected
